Building 4 Our Future: Position Descriptions

Oct 22, 2026

Building 4 Our Future has three kinds of roles: unpaid directors and officers who govern, an optional Executive Director who leads day to day, and part-time staff and facilitators who run the programs. This replaces the earlier 22-position, 9-committee structure with only what a new nonprofit needs.

How the roles fit

1. **Board of Directors** (3 to 9 people, unpaid, majority independent). Sets mission, approves budgets, hires and oversees the top staff role.
2. **Officers** (President, Secretary, Treasurer, optional Vice President). Chosen by the board from among the directors.
3. **Executive Director** (optional, paid, hired by the board). Leads staff and programs once funding allows. Until then the President fills the gap.
4. **Program staff and facilitators** (part-time, budgeted in the Year 1 plan). Run the programs.

No one is required to hold a degree. Lived experience and a record of showing up for the community count as much as credentials.

Director (board member)

A director is a volunteer who governs Building 4 Our Future in the community's interest, not for any person or company.

Term. Three years, staggered, as set in the bylaws.

Time. About four hours a month plus board meetings. Adjust this once the board agrees on a meeting rhythm.

Duties

- Attend and take part in board meetings. A majority of directors in office is a quorum.
- Review the budget, financial reports and key decisions, and ask questions.
- Protect the mission and the nonprofit's assets. No private benefit to any person, including directors and the founder.

- Sign the Conflict of Interest Policy and the annual disclosure, and leave the room when a matter involves your own interest.
- Help raise funds and open doors, within the fundraising rules the board adopts.

Who qualifies. An adult who believes in the mission, can give the time, and has no financial tie that would stop them from deciding independently. The board must stay majority independent. No more than one director from the same family.

Pay. None. Reasonable reimbursement of documented expenses only.

Officers

Officers are directors the board elects each year. Each role is unpaid.

Role	Main duties
President	Chairs board meetings, speaks for the organization, signs contracts the board has approved, and supervises the Executive Director or, until one is hired, the Program Director.
Secretary	Sends meeting notices, keeps minutes and the corporate record book, and makes sure state and IRS filings are made on time.
Treasurer	Oversees the bank account, reports finances to the board at each meeting, presents the annual budget, and makes sure the Form 990 is filed.
Vice President (optional)	Stands in for the President and leads a project the board assigns.

One person may hold two offices, except that the President and the Secretary should be different people. The Treasurer should not be someone who is paid by, or owns, a company that does business with the organization.

Executive Director and staff

The Executive Director is optional and is hired only when funding covers the salary. Staff roles below match the Year 1 budget in the Program Overview ($72,000 for personnel in total). All of them are filled only after funding arrives.

Role	Time	Year 1 budget	Reports to	Main duties
Executive Director (optional)	Full time	Not in Year 1 budget	Board	Leads strategy, staff, fundraising and compliance.
Program Director	Part time, about 30 hours a week	$36,000	President (Executive Director once hired)	Runs the three programs, manages partners, tracks results, writes funder reports.
Lead Facilitators (3)	Per cohort, stipend	$18,000	Program Director	Teach sessions, prepare materials, mentor participants.
Community Outreach Specialist	Part time	$10,000	Program Director	Recruits participants, builds school, church and neighborhood partnerships.
Administrative Coordinator	Part time	$8,000	Program Director	Scheduling, records, attendance, mailing lists, background-check follow-up.

Anyone who works with minors passes a background check first. Facilitator stipends are paid as contract work; the board will confirm with a payroll or tax professional whether any role must be an employee.

Committees, volunteers and pay rules

Committees. Start with none. The board may form a Finance Committee, a Governance Committee or a Program Committee when the work calls for it. A committee that acts for the board must be led by a director.

Volunteers. Anyone who helps at events or in classrooms signs a volunteer agreement. Those working with minors pass a background check and are never alone with a child.

Pay rules

- Directors and officers are not paid for board service.
- Pay for any staff role is set by directors who have no interest in the decision, using comparable pay for similar jobs.
- A director, officer or their family member is hired only after the board follows the Conflict of Interest Policy.
- Business with Block Wall Street LLC, Sun School of Satoshi or any other related company needs a written agreement on terms at least as favorable to Building 4 Our Future as fair market value, approved by the disinterested directors.

This document is a working guide. It is not a contract of employment.
